EDUCATION

Vellore Institute of Technology

Bachelor of Technology in Computer Science and Engineering

- CGPA: 8.36

Chennai, TN

2021 – Present

Pune International School

Higher Secondary Education

Ahmedabad, GJ

2019 – 2021

EXPERIENCE

MERN Full Stack Development Intern

August 2023 – November 2023

Ethnus

Remote

- Completed an intensive internship certification program focused on MERN (MongoDB, Express.js, React, Node.js) full stack development, culminating in the creation of a team-based web application
- Developed a React application utilizing modern JavaScript features and state management
- Developed RESTful APIs using Node.js and Express.js
- Managed database operations and data modeling using MongoDB and Mongoose
- Conducted code reviews and collaborated using Git and GitHub for version control
- Participated in Agile development practices, including daily stand-ups and sprint planning

PROJECTS

SpeakWrite | *Flutter, Dart, Firebase, speech-to-text, Git*

- Developed a mobile application using Flutter that allows users to record and save diary entries using speech-to-text functionality
- Implemented speech-to-text conversion using the speech-to-text package
- Integrated Firebase Authentication for user login and Firestore for storing and retrieving diary entries
- Used async/await for handling asynchronous operations such as speech recognition and database interactions
- Designed a user-friendly interface with navigation and state management using StatefulWidget

CERTIFICATIONS

Certified Cloud Practitioner

AWS

- Earned the AWS Certified Cloud Practitioner certification, demonstrating a foundational understanding of AWS cloud services and solutions
- Key Learnings:
 - * Understanding of AWS Cloud concepts and basic global infrastructure
 - * Knowledge of key AWS services and their common use cases
 - * Basics of AWS security and compliance
 - * Understanding of AWS billing, pricing models, and account management

TECHNICAL SKILLS

Languages: Java, Python, C/C++, SQL, JavaScript, HTML/CSS, Dart

Frameworks: React, Node.js, Flutter

Database: MongoDB, Firebase

Developer Tools: Git, VS Code, PyCharm

Cloud Services: AWS

Concepts: Object oriented programming, Data Structures and Algorithms
